

**PROMOTION OF HEALTH
PREVENTION OF DISEASE**

JERSEY COUNTY BOARD OF HEALTH: 1966 - 2018

To the Citizens of Jersey County:

I am pleased to present the Annual Report of the Jersey County Health Department for the fiscal year December 1, 2017 through November 30, 2018. This report summarizes the services provided to the citizens of our community.

The year 2018 marked the anniversary of 52 years of service to the Jersey County community. The Health Department is committed to enhancing the quality of life by reducing morbidity and mortality through the prevention and/or control of disease, provision of public and professional education and coordination and/or provision of care.

I would like to acknowledge the staff of the Jersey County Health Department and their continuous dedication to the citizens of Jersey County. Their daily determination to improve the health and well-being of the people in this community shows in the work they do and the lives they touch.

I would like to sincerely thank the Board of Health, the Jersey County Board, Professional Advisory Committee, all elected officials, the staff and volunteers for their support. I want to thank each of you for your willingness to use your talents and abilities to provide services to our citizens.

I would like to thank the network of community organizations and governmental agencies for their assistance, cooperation, and collaboration in promoting the health of our community. No one can do it alone! Together we help make Jersey County a wonderful community to live in across all generations.

Sincerely,

Douglas King, M.P.A., L.E.H.P.

Public Health Administrator
